*All the world
is made of
faith, and trust,
and pixie dust...*

A Note from the Director

According to J.M. Barrie,

“All the world is made of faith, and trust, and pixie dust.”

Well, the girls and I have;

Faith that we can create and perform dances inspired by the story of *Peter Pan*.

Trust in each other to support and enjoy the experience.

Pixie dust - well, it is always magical being part of the dance show.

Enjoy your flight to Neverland with us and return safely by following ‘the second star to the right’. Remember that, although Peter Pan decided to ‘never grow up’, the cast here is looking forward to the next performance. I am already being asked ‘what are we doing next year?’ The strapline on the most recent film focuses on the idea that ‘To live will be an awfully big adventure’, and both life and dance shows are just that; a big adventure to be excited by and committed to.

Head of Dance
